LOCAL MATTER.

E. C. WOODSON, City Editor

LOCAL BRIEFS.—

Railfing is still the vogue.

Noisy street gamins and howling
dogs are still the subject of much com-
plaint.

Thomas Purnell, Esq., a talented
young member of the Salem Bar, formerly
of Wilmington, is now in the city.

A dog, nigger fight and a runaway
boy constituted the sole excitement on
Wilmington street yesterday afternoon.

No cases before the Mayor on yester-
day. This state of things has gone on
for nearly a week. When will things
get better?

The funeral of Mrs. J. P. Prairie will
take place this morning at 11 o'clock,
from the Elenton Street Methodist
church, instead of yesterday morning,
as announced yesterday.

We take pleasure in calling the atten-
tion of our readers who are engaged in
mercantile pursuits to the card of Mr.

James Y. Landis, of Oxford, N. C., who
is connected with the large Nation
House of Whiting, Powers & Co., 471
Broadway, N. Y. Mr. Landis is a most
worthy gentleman, of courteous bearing
and efficiency as a salesman, has been
representing this firm for some two or
three years past, and we heartily com-
mend him and his house to those of our
merchants dealing in articles in his line,
who wish to be well served. Mr. Lan-
dis refers to all the merchants at Ox-
ford.

MR. APPLETON OAKSMITH will, by
permission, address the members of the
General Assembly and the public in the
Hall of Representatives on this, Saturday
evening, at half-past seven, upon
matters financial, personal and political,
affecting the future progress and
welfare of North Carolina. He hopes
for a full attendance of members and
gentlemen interested in Railroad ques-
tions now the subject of legislation.

DEATH OF COL. WM. BINGHAM.—
A telegram was received in this city
yesterday announcing the death of the
distinguished Col. Wm. Bingham, in
Florida, on Thursday. Though antici-
pated by his friends for several months,
his death has created a general gloom
of melancholy over the State. No man
was more widely known than Colonel
Bingham, and the sad announcement
of his death will be received with uni-
versal regret. We defer a general notice
of this distinguished North Carolinian
till to-morrow.

MICA MINES IN BUNCOMBE COUNTY.—
A valuable mine of mica has recently been
discovered and is now being developed
in the county of Buncombe on the lands
of the "Blackstock Mining Company." Great
excitement now prevails in that
county on this subject, and the attention
of capitalists is being attracted to
that country. The completion of the
Railroad through that section would
develop the richest mines of this and
other minerals in the world. We hope
something may be done by our General
Assembly to hasten the completion of
the Western N. C. Railroad.

THINK OF IT?—By reference to
another column, it will be seen that
some of our business men were called on
yesterday for subcriptions to the new
Fair Grounds. While we cannot injure
any in others compliment, the
individual liberality of some—yet we do
not feel at liberty to say that a few
business men are giving much less than
their friends are expecting of them. We
feel no hesitancy, however, in asserting
that there is not a man in Raleigh who
cannot afford to give something. If we
have no State pride to stimulate us, let
us look to our own individual interest,
and see how fifty thousand dollars can
be turned loose in Raleigh during the
week, and not find its way into the
pockets of most every person, regardless
of business or position. We must all
now give to this worthy enterprise, or
acknowledge that the old North
cannot compete with her sister States.

THE WASHINGTON AND LEE UNI-
VERSITY ENDOWMENT FUND.—Mr. W. A.
McCue, the agent for this University, is
at present in Raleigh in the interest of
that school. The endowment fund is
obtained by the disposal of scholarships
running through four sessions. We
have examined the plan upon which
these scholarships are given, out, and
think them most admirable. The
Washington and Lee University is now
upon a sound and healthy footing, and
is destined to be one of the first insti-
tutions of learning in the country. Mr.
McCue is at present stopping at the
Yarborough, but intends visiting vari-
ous portions of the State and extending
his canvass throughout the South.

This institution, it will be remem-
bered, formed the retreat of the lament-
ed Confederate chieftain after he had
laid aside the sword, and thus forms a
part of the history of that great and
good man.

POCKET CHARTERS, AGAIN.

In our editorial on Pocket Charters in Thursday's issue, we distinctly disclaimed reflecting on any individual. Our remarks were general, and were intended simply as a warning to the Legislature, on account of the various Railroad schemes brought forward this March.

This explains the gentleman's disinterested patriotism on the subject of adjournment.

SENATOR NORWOOD.

The action of this gentleman in the matter of the Anderson letter, will doubtless be endorsed by every reasonable man whose opinion is worthy of respect, and is in keeping with the spotless integrity and high-toned honor of the Senator from Orange.

That our readers may judge of the propriety of Senator Norwood's course we republish the letter, which was written by the Representative in the House from the County of Clay:

RALEIGH, N. C., Feb. 19th, '73.
Mr. J. W. Norwood,

DEAR SIR :

We think it of more importance to the party to deal fairly and honestly with Mr. Turner about the public printing than to pass the Amnesty Bill, and we are determined to vote against the bill unless the party will agree to give both Editors a fair chance for it. There are enough of us—and we are determined to defeat the bill unless the most sanguine expectations of those through whose influence these humane provisions were afforded.

CONCLUSION.

In concluding their report the Board would desire again to offer to the General Assembly a few suggestions:

1st. That the repealing law alluded to in the first part of their report be so modified as to allow the Board to assign at least one of its members to active duty in the State for the examination and instruction of the actual and real condition of all the classes and objects allotted to them by law, and no salary but actual expenses incurred in such service be allowed or paid.

2d. That a small salary be allowed for the payment of a secretary to collect and collate all the information and statistics obtained from the various counties, and that they be allowed to print their report.

3d. That there ought by legislative enactment to be some reasonable permanency given to the incumbency of capable men, as keepers or superintendents of the poor.

4th. There ought to be books furnished by County Commissioners to keepers of poor house and prisons for the daily record of admissions. If prison, what charge, what age, color or sex, how long remaining, how and by what authority discharged, whether sick or well during confinement, what has been furnished, and at what cost or expense? If poor house, when paper was admitted, why a county charge, what age, color, sex, how long remaining, what furnished, what cost and when discharged, whether first or subsequent residence? Such books to be furnished by the Board of Public Charities to the Commissioners of each county.

5th. The appointment by the Board of County Commissioners of some competent and skillful medical man to visit and thoroughly inspect the poor houses and prisons of each county, at least semi-annually, and report to the County Boards such recommendations and suggestions as he might deem best and proper, for the proper care and keeping of the paupers and prisoners.

6th. The Board of County Commissioners should be compelled to visit the poor houses and prisons at least semi-annually and inspect their condition, so as to provide for their care and management.

7th. That the keepers of poor houses and prisons in each county should be obligated by a proscribed oath and bond for the proper discharge of their respective duties.

8th. That the keepers of poor houses and prisons should be compelled to observe some specific regulation as to the separation of the sexes in poor houses and classes of prisoners in the county jails.

9th. That some provision separate and comfortable be provided for the insane paupers lodged in poor houses.

10th. That County Commissioners be required to provide furnaces and necessary means for heating or warming the jails and rooms assigned to lunatics in poor houses.

11th. To repeal the existing law allowing insane and idiotic paupers to draw one hundred dollars per annum from the State Treasury, as it is liable to great abuse and fraud upon the taxpayer of the State.

12th. The great want of some provision for the poor orphan children of the State as a wise means of preventing crime and pauperism.

13th. The Board would urge upon the Legislature the duty of electing two members to act as Board of Public Charities, one in place of G. W. Walker whose term expired in July, 1872, and a vacancy occasioned by the expiration of the term of Dr. Eugene Grisom, on the first of July, 1873, who has signed to the Board his determination to decline a re-election.

14th. That some fixed determination of our legislators? or shall we take some decisive step in the direction of this much-needed provision.

INSTITUTION OF THE DEAF, DUMB, AND THINE BLIND.

In regard to this Institution, as in the case of the Insane Asylum, the annual report of the Prudential Board of Trustees, Principal, and other officers connected therewith, is found to be full and exhaustive as to the present condition, management and improvements within the past twelve months, that a lengthy report on this department is deemed unnecessary. All the officers and their assistants have (as far as the Board could judge) been attentive and faithful in the discharge of their respective duties. Some very important improvements, by additional buildings and otherwise, have been added within the last year, which, when fully completed, will greatly increase the comfort and usefulness of the institution. Some additional legislation will become necessary, more especially towards providing a building and accommodations for the colored pupils, but as the Legislature have a joint standing committee upon the affairs of this institution, whom it is presumed will submit a report to the present session of the Legislature of what is needed and what ought to be done, the Board will conclude by urging the great importance of a continuance of the same liberal disposition that has heretofore been shown to this class of unfortunate by our State Legislature.

WE ARE JEALOUS OF THE PRINCIPLES OF CIVIL LIBERTY, AND NATURALLY LOOK WITH SUSPICION UPON ANY PROJECT OF A MILITARY CHARACTER. WE ARE OPPOSED TO CONFERRING UPON THE GOVERNOR OR MILITARY OFFICERS ANY POWERS NOT CONSISTENT WITH THE HIGHEST LIBERTY OF THE SUBJECT. THE MILITARY SHOULD ALWAYS BE SUBORDINATED TO THE CIVIL ARM IN TIME OF WAR; FOR WITHOUT SUCH SUBORDINATION REPUBLICS ARE NOTHING LESS THAN ABSOLUTE DESPOTISMS.

MR. BOWMAN'S DISINTERESTED PATRIOTISM.

Mr. Bowman, Republican, member of the House of Representatives from Mitchell county, has been an ardent advocate for an early adjournment of the Legislature. He has made some eloquent remarks on the subject, in which he portrayed the anxiety of the people for a short session, and said that the Legislature should certainly adjourn by the 3rd of March, *at all events*.

But it turns out that Mr. Bowman is a Federal officeholder, and according to a late order of the President, must either resign as a member of the Legis-

lature on the 4th of March, or give up his Federal office. It is rumored that Mr. Bowman has concluded to hold on to his Federal appointment, and consequently will not be a member of the Legislature after the 4th of March.

This explains the gentleman's disinterested patriotism on the subject of adjournment.

SENATOR NORWOOD.

The action of this gentleman in the matter of the Anderson letter, will doubtless be endorsed by every reasonable man whose opinion is worthy of respect, and is in keeping with the spotless integrity and high-toned honor of the Senator from Orange.

CATAWBA VALE, McDowell Co., N. C., February 19th, 1873.

Messrs. Editors: —The celebration of Mr. George Peabody's birthday (the great American philanthropist) was a grand affair at Bethel Academy. This school is located on Crooked creek, five miles south of Catawba Vale, the head of the Western North Carolina Railroad. The school was organized on January 1, 1873, by the following trustees: J. A. Cox, Thomas Lytle, M. Burgen, John Ross and Thomas A. Davis and the school numbers at this time one hundred and fifty eight pupils, who are striving in a most commendable manner to win the approbation of teachers and visitors.

Tuesday morning, February 18th, dawned with unprecedented signs of a fair day, and at an early hour quite a number of patrons and friends assembled.

Most of the students had prepared suitable selections in prose and verse for declamations; and the exercises of the day were opened by Miss Anna Carr and Mattie L. Harris in an introductory and greeting to parents and friends, in which they won smiles and praise from all present. The pupils were called upon promiscuously, all acquitted themselves with honor. Among the list we recognize the names of Mattie J. Gilliam, Miss Low Lytle, Mollie C. Burgen, Isabella M. Keeter of the ladies, and J. H. Blalock, J. H. Gilliam, J. L. Bird and M. A. Bird of the gentlemen.

When sundry internal cravings suggested notions of dinner, and that nothing more substantial than elbow could be appreciated, dinner was taken off.

Dr. W. H. Tutt: —Sir—For fifteen years I have been afflicted with Asthma. My suffering has been intense, and I have been compelled to give up a week at a time. It seemed as if I would choke. I coughed incessantly, and my wheezing could be heard all over the room. I exhausted myself and suffered much. It is the most valuable Lung Balsam ever offered to sufferers from Pulmonary diseases.
